PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE
GOVERNMENT OF MYSORE, PUBLIC OFFICES,
BANGALORE.

Press Note.

Dated 14th September 1949.

VARIOUS MEASURES TAKEN BY THE GOVERNMENT TO
AMELIORATE THE CONDITIONS OF LABOUR, FROM
OCTOBER 1947.

Realising that the amelioration of the conditions of the common man should receive the first attention of every Government, the Cabinet in Mysore has been striving ever since it was installed in Office, to improve the lot of our people by legislative measures and administrative actions. Labour, which forms, by no means an insignificant part of this commonality by virtue of its extreme susceptibility to exploitation at present by designing capitalists is, therefore, receiving the highest priority of attention. The manifold activities of the Labour Department are proof—if proof were needed—that a new orientation of outlook is present in dealing with labour problems. What was hitherto a negative policy in the field of labour is transformed into a positive and purposeful attempt to bring about better conditions of living. There is a shifting of emphasis from the purely basic requirements of the worker to an increasing provision of social security in recent labour legislation in Mysore.

LABOUR LEGISLATION.

The Mysore Factories Amendment Act of 1948 providing for holidays with pay to the workers and the starting of canteens in industries where there are 100 or more workers, the Payment of Wages Act, 1948, stipulating that every worker should be paid his wages at regular intervals, the Mysore Shops and Establishments Act, 1948, providing facilities for leave and security of tenure to the workers in a field which was hitherto neglected, the Mysore Minimum Wages Act, 1948, providing for fixing minimum wages and work loads and thus eliminating the chances of exploitation of labour on the one hand and ensuring sufficient quantum of work to the Employers, the Employees State Insurance Act, 1949, providing for security against certain recurrent risks like sickness, maternity and disablement, etc., the Labour Housing Act, 1949, which provides for setting up a Tripartite Corporation to build houses for labourers, and the Mysore Employment of Children Act, 1949, prohibiting the employment of children under a certain age in some industries like the beedi-making, transport and carpet-making industries, etc., were all passed after the advent of the new Ministry.

The Government of India, with a view to securing uniformity of Labour Laws throughout the land, have directed that further legislation should be kept in abeyance in the matter of Industrial Relations. A comprehensive bill called the Industrial Relations Bill is being drafted by them. In deference to this directive from the Centre, the consideration of the Mysore Labour Bill, 1948, is deferred for the present. The draft rules under some of these Acts are under the active scrutiny of Government.

It is also the intention of Government to enact a separate Labour Bill for plantation labour.

It is thus seen that, but for the proposal of the Central Government to keep in abeyance further legislation in the field of Labour, our legislation would have been the most comprehensive and progressive.

TRIPARTITE CONFERENCE.

During this period, the Mysore Industrial and Labour Conference, which was tripartite in composition, was held under the auspices of the Government of Mysore. About 150 delegates consisting of prominent industrialists and labour leaders of Mysore were invited. As many as 17 subjects

relating to labour were considered. In pursuance of the decisions arrived at the Conference, four Sub-Committees have been appointed for recommending the lines on which legislative and administrative action might be taken, viz Sub-Committees on Industrial Peace, Profit-sharing, Housing and Plantation Sub-Committees.

I. L. O. CONFERENCE.

The Minister for Law and Labour, the Hon. Sri K. Bhashyam, was selected as one of the delegates of the Government of India to attend the 31st and 32nd Sessions of the I. L. O. held at San Francisco and Geneva, respectively during June 1948 and 1949. He attended these conferences. The Governing body of the I. L. O. is due to meet at Mysore during the month of December 1949 and all arrangements are being made for the meeting.

THE K. G. F. PAY COMMISSION.

The Government appointed a Pay Commission for reviewing and reporting on employment and labour conditions in the Gold Mining Industry on the Kolar Gold Fields. The Commission submitted its report and the recommendations there are under the active consideration of Government.

The Government have appointed a Wage Board to advise them regarding the fixation of the minimum rates of wages and work loads in respect of employment in the K. G. Mining and Metallurgical operations.

The Arbitration Courts and Tribunals have given award in four out of the five industrial disputes referred to them so far. These disputes relate to the Mysore Iron and Steel Works, the Mysore Spinning and Manufacturing Co., Ltd, the Minerva Mills, Ltd, the Davangere Cotton Mills, Ltd, the Bangalore Wollen, Cotton and Silk Mills Co., Ltd., and Mysore Paper Mills, Ltd.

Government have sanctioned the scheme of posting departmentally trained Labour Officers in the Government-owned and Government-aided industrial concerns, irrespective of the wishes of the management. Their functions are to maintain a continuous liaison between labour and management to prevent conflicts by timely intervention and to look after the welfare of labour in general. At present, there are 7 Labour Welfare Officers working in the Railways, Porcelain Factory, Government Electric Factory, Soap Factory, Sugar Factory and Textile Implements Factory at Hassan.

INDUSTRIAL HOUSING.

Government have sanctioned an advance of Rs. 10 lakhs to the City Improvement Trust Board, Bangalore, for undertaking construction of labour quarters according to the estimates and plans already approved by Government. The Government of India have been addressed to give the quantum of money for house-building purposes as per the Housing scheme. Meanwhile, private enterprise is also encouraged. The setting up of a Labour Housing Corporation under the existing legislation in Mysore is however receiving the active consideration of Government.

PUBLICATION OF COST OF LIVING FIGURES.

Government have sanctioned the scheme for publication of the cost of living index figures for Mysore, Bangalore, K.G. Davangere, Harihar, Hassan, Mandya and Bhadravati. The figures help in correlating the earnings of the workers with the prices of commodities by providing suitable allowance.

LABOUR ENQUIRIES.

As a result of the survey of the conditions of plantation labour, suitable legislation to ameliorate the condition of plantation labour is under the active consideration of Government. Besides this, the Government of Mysore, under the direction of the Government of India, is engaged in Ag-

ultural Labour Enquiry, with a view to fixing minimum wages, and find out the incidence of forced labour, and generally to improve the condition of agricultural labour.

SHOPS AND ESTABLISHMENTS ACT.

With a view to enforcing the provisions of this Act, three inspectors have already been appointed, and it is under contemplation to appoint a few more Inspectors.

REORGANISATION OF THE DEPARTMENT.

In order to cope with the extended field of work and responsibility, and the new demands that will be made on the department, the Government have sanctioned the reorganisation of the Labour Department. A separate administrative division in charge of an Assistant Commissioner of Labour with headquarters at Chikmagalur has been opened to look after the welfare of plantation labour. The Labour Commissioner's Office is divided into five sections each working under a highly qualified officer with a view to a more expeditious and efficient disposal of the work. They are the Administrative Section, the Technical Section in charge of the Technical Assistant, Statistical Section in charge of the Statistical Assistant, the Information and Gazette Section in charge of the Labour Information Officer, and the Women's Welfare Section in charge of a Women's Welfare Assistant.

The Department has organised a research section. It has a library which has 1,034 books, periodicals, etc., and about 12 books have been newly added to the library. Twenty-two journals and papers are received in exchange for the departmental publications. 'Cuttings' from newspapers relating to matters of labour interest are pursued and maintained in a file. Besides, it is under contemplation to enquire into the condition of women labour in the Kolar Gold Fields mines and the appointment of regular inspection of their welfare is under active consideration.

LABOUR INFORMATION SERVICE.

The Mysore Labour Gazette is published monthly in English and fortnightly in Kannada and Tamil. It contains all information relating to labour. It has acquired great popularity, and gained the encomiums of the International Labour Bureau, the Labour Bureau of the Government of India, etc. Besides these publications the Information Department is publishing from time to time pamphlets and press notes bearing on labour matters.

It is also under contemplation to organise the labour intelligence service, by appointing throughout the State correspondents who will be in close contact with important labour centres.

DEPUTATION OF OFFICERS OF THE DEPARTMENT TO FOREIGN COUNTRIES.

The question of deputation of one or two officers of the Department for undergoing training in foreign countries in Labour Administration is engaging the active consideration of Government. One officer has already returned from the United Kingdom after undergoing the training and another is on deputation in Washington undergoing training in Labour statistics.

VISIT OF THE HONOURABLE MINISTER TO FACTORIES.

With a view to studying at first hand the conditions of labour in various industrial concerns, and suggesting ameliorative measures, the Honourable Minister for Labour is having regular programme of visits to the factories in Bangalore city. He has already visited a number of factories, met labourers and suggested many ameliorative measures. He is also arranged to meet the employers with a view to eliciting their co-operation in providing employment to the unemployed. The employers' meeting has become a regular feature of the activities of the Employment Exchange.

EMPLOYMENT SERVICE ORGANISATION.

The Employment Exchange registered 3,370 persons in 1948 and placed 644 in jobs. Under the Scheme for training of ex-service personnel in further education, 287 persons were selected by the Board, of whom 62 completed the training course, 96 are under training and the remaining are waiting to enter training centres. A sum of Rs. 70,367 has been spent to date on the training of ex-service personnel.

To place the organisation on a par with those in the sister provinces, an officer of the Resettlement Directorate was deputed during January 1949 to study several aspects of the working of the employment service organisation at Delhi and the Provinces.

The Commissioner of Labour will be touring the State shortly along with the Director of Resettlement and Employment, Madras, with a view to studying the question of extending the services of the Employment Exchanges to the other parts of the State.

These are in brief a few of the many-sided activities on which the Department has embarked. Many more things are still required to be done, and there is still a considerable leeway to make. Yet, it must be said that during the short period the present ministry has been in office, much has been done, of which the State can be proud.

not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.
